AN INSTITUTION OF GROWTH AND DEVELOPMENT . . .

Fairmont State College had its beginning 98 years ago when the legislature appropriated funds for the "Regency of the West Virginia Normal School." The year 1872 saw the school operating with a student body of 85. Today the regular yearly term enrollment is nearly 2000 students. So great was the expansion of Fairmont State that the present site was acquired in 1912.

The continuous process of expansion, both intellectually and physically, shows a spirit of progress in which we all have shared. As with Fairmont State College, our lives have shown continuous growth, hers resulting in full college status, ours in adulthood.

PROUD OF ITS HERITAGE . . .

Fairmont State College, the school on the hill imbued with heritage and enveloped in beauty, symbolizes years of intellectual and social endeavor. We at Fairmont State grow continually through the rich experiences handed down to us year after year.

Lovely walks through the arboretum in early autumn, the distant sounds of the victory bell after a football game, the enduring friendships, hours of constructive study, the columns standing so erect, all meaningful in their entirety — tradition through growth and development.

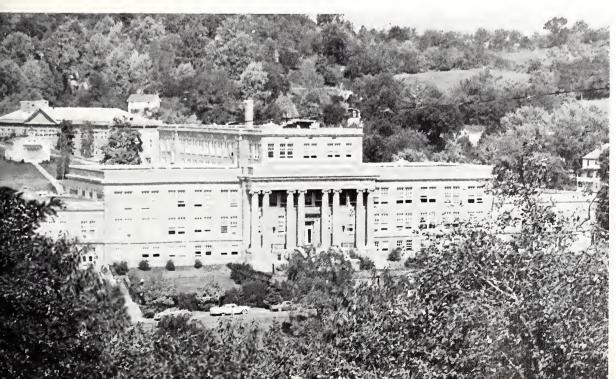

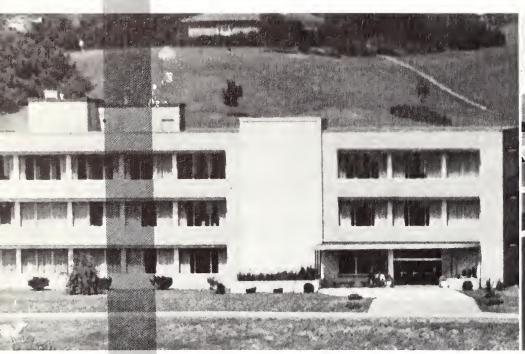

Summertime at Morrow Hall.

AND ENRICHED WITH BEAUTY . . .

PROGRESSING WITH EXCELLENT

EDUCATIONAL FACILITIES

An institution that is proud of its continuous progress in educational excellence, Fairmont State College has been the site of constant construction of educational facilities beginning in 1912 and as recent as 1964 with the addition of the new women's dormitory. The finest library was completed in 1950, and eight years later Pence Hall, a large dormitory for men, and an ultramodern student center were added to the college family.

Fairmont State is justly proud of its many spacious and modern classrooms and laboratories. Here students excel in courses in the arts and sciences and the professions, particularly in teacher education.

Future plans for Fairmont State College include an extensive building and remodeling program during the next four years to meet the needs of a growing student community.

With the formation of an expanded building program and with a progressive academic development in the offing, the years ahead promise to write themselves brilliantly in the annals of Fairmont State College.

FAIRMONT STATE COLLEGE

Through physical growth and academic strength, Fairmont State College has occupied by virtue of the distinguished instructors, who have taught and are teaching at present, a position of academic leadership.

For ninety-eight years the Fairmont State College Family has strived to set forth for her students the high ideals which are essential for a successful individual.

MOUND 1965

Fairmont State College

Fairmont, West Virginia

Being editor of a college yearbook is indeed a great honor and a grave responsibility. The editor is faced with the job of grasping an entire year of college life and recording it within a distinguished cover.

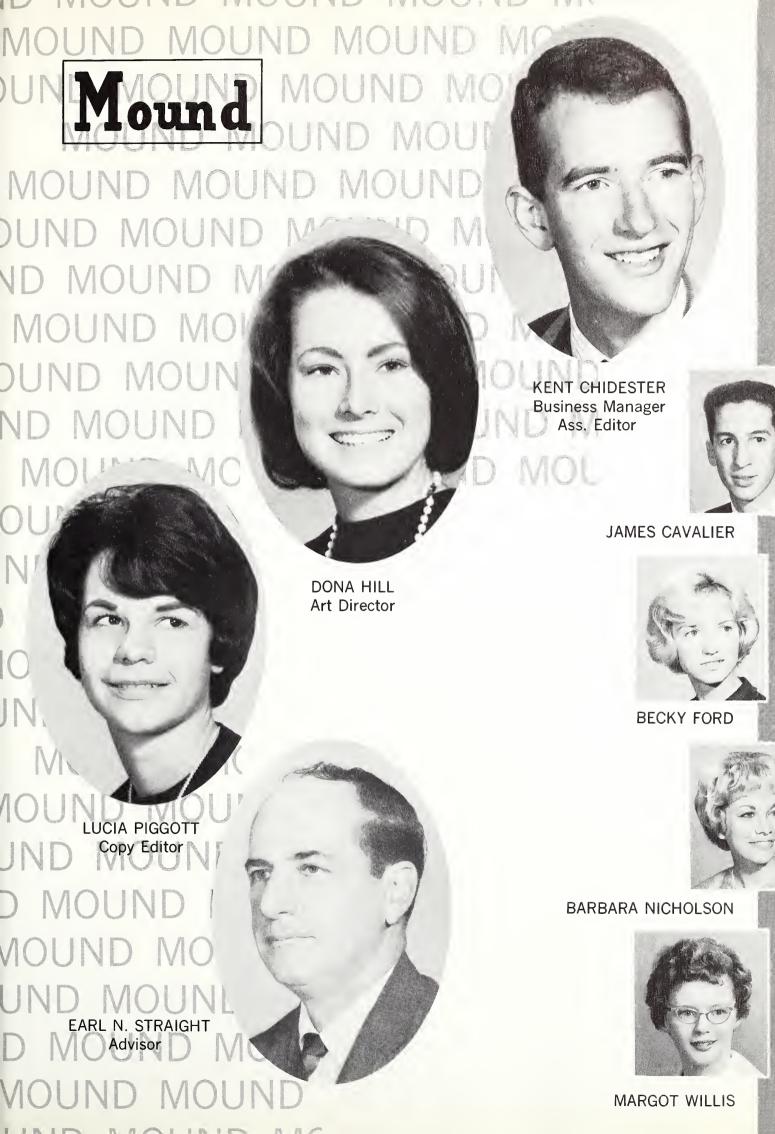

This year, however, the job was more difficult. In 1964-65 many marvelous and significant things have occurred at Fairmont State. This year and its yearbook are not the end of something, but preferably the start of a new cycle on Fairmont State College's campus. Yet, this year is the first year for many things. Consequently, the theme of the 1965 MOUND is "Growth and Development."

This year marks the opening of the New Women's Residence Hall and the beginning of a new Applied and Fine Arts Building. The 1965 MOUND attempts to emphasize Fairmont's history from the Normal School days to the present. It promises to infix a true feeling of pride in Fairmont's rapid and apparent growth.

When reading through the 1965 MOUND, remember that this yearbook is not the last; therefore, the 1965 MOUND must live on because it begins our expansion movement.

Developing the 1965 MOUND was a task that required the talent, patience and co-operation of many people. People like Earl Straight, advisor; Kent Chidester, Dona Hill, Lucia Piggott, Becky Ford, and James Cavalier. Also many thanks to Margot Willis, Mary Lou Springer, Nancy Clevenger, Sherri Henderson and above all Dave Springer, William Pulice, Bill Devericks and Fred Young for their photography work. Without these people the task would have been impossible.

WITH A GROWING COLLEGE

Fairmont State College is experiencing a remarkable period of growth and development. One year ago a major renovation of the Administration Building was completed, thereby resulting in a building that is modern and functional. At Homecoming, October, 1964, a new Women's Residence Hall housing 150 women was dedicated. An Applied and Fine Arts Building costing \$1,600,000.00 is now under construction and is scheduled for occupancy in September, 1966. Rosier Field has been improved including the grassing of the football field and the construction of a press box, concession stand, and an addition to the original field house which has more than doubled this facility. The Student Center has been renovated to meet better the needs of a larger student body.

This year the College had an unprecedented increase in enrollment. The overall increase was more than 23 percent above the preceding year with an increase in the freshman class alone of more than 60 percent. Today the student body of Fairmont State College is nearly twice as large as it was ten years ago. If the size of the freshman class of 1965 equals or even approaches the class of 1964, and there is no reason to predict otherwise, the enrollment in September, 1965, will exceed 2000 students. For this reason, planning for the immediate future has been accelerated. Planning is now under way for a new cafeteria to be completed, hopefully, by September, 1966. More private housing for students is expected to be developed. Planning is under way for the renovation of the Science Building. Additional parking space is being developed for commuting students.

In addition to the physical growth and expansion, significant progress has been made educationally. During a period when maintaining a competent faculty has been extremely difficult we have been fortunate, generally, in holding capable faculty members and in replacing vacancies and filling new positions with personnel well prepared for their assignments. All departments and faculty have been engaged in major curriculum study and revision. As a result of departmental reorganization, the number of departments has been reduced by more than half — thus resulting in improved educational efficiency. Test records indicate that more outstanding students have been enrolling at Fairmont State College. More of our graduates have been continuing their formal education in graduate and professional schools. In effect, the College is developing in both physical and academic stature.

This is an unusual and exciting period in the development of Fairmont State College. The achievements of the last couple years and other projects in the making augur well for the future of the College as it plans to celebrate its Centennial Year in 1967.

AN EPILOGUE TO SENIORS

This year was basically the same as any college year; We studied — had fun, experienced sad moments of trial and error. There were games and dances; voices were hoarse from rooting and singing. There were brief moments of glory for some of us in sports, musical and dramatic productions. All shared the hopeless reality of examinations and deadlines. These impressions are only a few that were packed into this full year.

It is not today that we shall appreciate Fairmont State College, but tomorrow; when it is not so easy to think back to the four most important years of our lives.

Fighting Falcons WVC Grid Champs

Fairmont ended the brilliant 1964 season with an 8-1 record. The Maroon and White scored a record 173 points this season, surpassing the old mark of 162 set in 1956.

FSC did not win any of the first five contests by more than a touchdown margin. The Falcons racked up a rain-soaked 7-0 victory over Shepherd; a two-field-goal 19-13 decision over Glenville; a spinetingling 20-14 miracle over Wesleyan; a dramatic 19-12 win over Concord; and a rough-shod 14-6 battle over Salem.

The Falcons then won a decisive 40-14 battle with Tech. Unfortunately, Fairmont ran into an all round bad day at Bethany, losing 19-0. Fortunately, it was a non-conference contest.

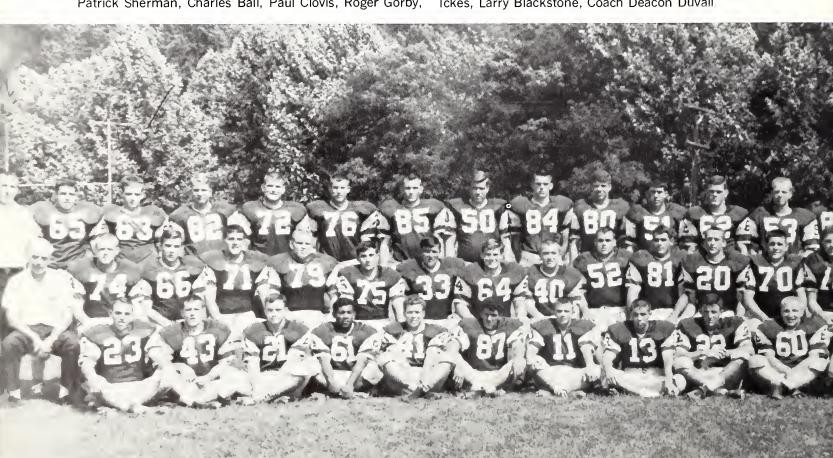

Bouncing back the following week, Fairmont soundly defeated Marietta 27-13. Finally, FSC capped the 1964 season with a 27-13 decision over West Liberty.

Fairmont's record of 8-1 showed the Falcons 7-0 in the conference and 1-1 out of the conference. The Maroon and White's WVIAC rating was 129.3, which brought sixth conference crown to the "College on the Hill."
